

Be a mentor to a future teacher!

They are learning new ideas from student teachers with using technology. Both the teachers and student teachers remark how each other are invaluable to helping kids learn. "This is an experience both of us will always remember!" ~ Mentors

The student teachers make the Virtual Model much easier to manage and accommodate individual students' needs as they can pull small groups and target deficits. The program is a win-win! ~ School Principal

I had the privilege to sit in on three online lessons using Teams application. What I saw was noteworthy. The teachers and student teachers co-taught every lesson. There was clear and constant interaction of teachers and students. They both taught and supported each other throughout the lessons. ~ College Supervisor

Student Teachers can be a huge help ...

<https://www.nysut.org/news/nysut-united/issues/2020/november/student-teachers>

The Elementary Education, Literacy & Educational Leadership Department is reaching out to our school partners to support a cohort of student teachers at your school during the Spring of 2021 Semester.

Teachers, your willingness to mentor our teacher candidates and to offer them your expertise, time and guidance is greatly appreciated.

**Contact: Rosemary Arioli
Director of Student Teaching

Student Teachers Can Play an Integral Part in Your Classrooms...

Face-to-face Instruction	Remote Instruction
Deliver small group instruction	Run virtual small group breakout sessions for at-risk learners
Deliver whole group instruction	Run virtual whole-class meetings
Administer and interpret assessments	Pre-record instructional mini lessons for students to watch before or after class
Provide feedback on student work	Serve as a HW contact person, and provide feedback on student work
Support and teach classroom behavior	Provide technology support; teach and promote positive online behaviors

Student teacher taking the lead!

Alumni giving back by mentoring a student teacher !

Dear Principals and Mentors,

We recognize that our Prek-6 schools have been faced with many challenges for planning the opening of our schools for the 2020-2021 School year. We want to continue to be a part of your success and are asking that you consider including our student teachers as part of your working plan for the Spring semester, 2021.

Student Teaching starts January 26 and ends May 13, 2021

Our student teachers will follow all protocol set forth by each district to ensure maintaining a safe and healthy environment in your school.

Thank you for your continued support!

Rosemary Arioli

THE BENEFITS OF HAVING A STUDENT TEACHER...

- Teachers will have students entering their classroom who need “catch up.” Our student teachers will be able to work one-on-one or with small groups of students who need focused learning in all subjects, especially ELA and Math. Studies have shown that this can make a positive impact.
- If schools move to hybrid or flex schedules, the student teacher can remain with one group for either remote or face to face instruction assisting their mentor or leading instruction.
- If schools need to move to 100% remote instruction, our student teachers can continue to co-teach with their mentor teachers for asynchronous and synchronous learning. Our student teachers will be receiving additional PD prior to Student Teaching on remote instruction and using platforms such as Google Suite and Flipgrid.

In the Elementary Education, Literacy, and Educational Leadership Dept.

Our student teaching model is “Co-Teaching.” This model proved successful during the fall 2020 semester. The Power of Co-teaching during Remote Instruction...

We are inviting mentors to a recorded PD: “Mentoring in a time of remote Instruction: Mentor and Student Teacher Co-Teaching in a Remote Setting.” You can register at : <https://pds.buffalostate.edu/professional-development-pds-partners>
